

The Future

Our goal for the future is to expand our foundation to support more programs that:

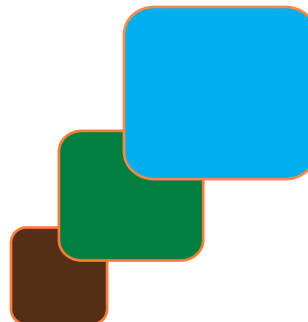

- encourage and challenge students to appreciate the environment in which they live
- work creatively to protect our natural resources

The Foundation has grown with great strides and we believe that with your help, we can reach all of those who need and want to learn about conserving our world for future generations.

Support environmental awareness today by donating to the Environmental Education Foundation. Your tax deductible contribution will assist us in educating the youth of today to encourage them to be better stewards tomorrow.

OUR MISSION

The mission of the *Environmental Education Foundation* as a 501c3 not-for-profit organization is to provide financial assistance to educational programs that encourage conservation of the environment while raising environmental awareness in the minds of young people - the future stewards of our environment.

Help us accomplish our goal. Your generous gift can be tax deductible.

Why was the EEF formed?

Support for Envirothon is what started it all. The New York State Conservation District Employees Association decided it was time to form an organization which could raise funds to support this growing youth event. The foundation was formed in September of 2002. Since then, the foundation has grown with great success.

ACCOMPLISHMENTS

One of the most recognized accomplishments of the *Environmental Education Foundation of Soil & Water Conservation in New York State* is its support of the New York State and international *Canon Envirothon* competitions. Providing financial support to these important events has not only supported the environmental education of thousands of students, but also presented scholarships to winning team members.

Students from across New York state test their skills against each other in environmental issues involving Aquatic Ecology, Forestry, Soils and Land Use, Wildlife, and current issues with the hope of winning the honor of competing in the *Canon Envirothon* hosted at a different North American location each year.

HOW CAN YOU HELP?

Yes, I can help the Environmental Education Foundation.

- ☐ \$ 2500+ = Environmental Guardian
- ☐ \$ 500-2499 = Environmental Conservationist
- ☐ \$ 1-499 = Friend of the Environment
